

# Airen RedComp 8

Attractive Airen RedComp eSATA serie model. Back side can be assembled with one 80 or 92 mm. On the side panel can be mounted one 120 mm fan. We recommend assembling with ultra silent Airen fans. Enough external and internal bays for additional devices guarantee easy case usage. RedComp 8 is suitable for ATX and MicroATX MBs and ATX PSUs. Front panel is equipped with two USB 2.0 ports, audio AC97 or HD and eSATA connector. There are 6 PCI slots available in the case. Special case body structure enables to mount the PSU on the bottom of the case, where is placed in the position of standard 3.5" internal bay.
